ABOUT ME

I have graduated at Scholastika - College of Visual Communication with the specialization of motion design where I focused on 2D/3D animation, video editing, and general visual communication for the online space. During my college studies I had an internship at Etnetera Motion where I analyzed clients' market competitors, Gen Z trends, worked on influencer marketing and suggested ideal marketing strategies. I know how to use tools like DaVinci Resolve, Blender, Adobe Premiere Pro, After Effects, Photoshop, and Illustrator. I also studied at an IT focused high school and I regularly educate myself in the IT field. I always build my own PC and I have no issue using different operating systems. Other than Windows I have also used different Linux distributions. I also engage with social media as I manage social media for a content creator which includes all post-production. I have also learned how to work with Unity and specific plugins for more advanced adjustments of 3D VTuber models. I would greatly appreciate your consideration of working together.

WORK EXPERIENCE

Etnetera Motion s.r.o.

City: Praha | **Country**: Czechia

[Sep 2024 – Dec 2024] **Social Media Marketing at Etnetera Motion (School practice)**

During my four month long school practice at Etnetera Motion I took part in multiple projects. My main tasks were communication screening, competition analysis, communication differentiation and influencer marketing - identifying Gen Z trends and relevant influencers for potential collaboration with clients.

eBRÁNA s.r.o.

City: Pardubice | **Country**: Czechia

[May 2019 – May 2019] **Creating articles in a web editor (School practice)**

My task was to create web articles using a tool developed by the eBRÁNA company, the tool was reminiscent of WordPress.

DHL International GmbH

City: Praha | **Country**: Czechia

[May 2018 – May 2018] **IT security at DHL IT Services (School practice)**

During the school practice at DHL IT Services I was tasked to review security events at the IT security department, send them further for review and check whether the issues were truly resolved or not. An example of such event could be a DDoS attack or a DHL employee's device being infected with a virus.

EDUCATION AND TRAINING

[1 Sep 2022 – 2025] **College of Visual Communication, DiS.**

Scholastika - College of Visual Communication <https://scholastika.cz/>

Address: Římská 103/12, 120 00, Praha 2, Czechia | **Thesis**: Dreams are no game

[24 Aug 2020 – 28 Aug 2020] Course - 3D animation

Soukromá střední umělecká škola grafická a Vyšší odborná škola grafická s.r.o. <https://www.susg.cz/>

Address: Křížová 124, 586 01, Jihlava, Czechia |

This five day course was 40 hours long and focused on 3D animation in Autodesk Maya and 3D modeling in zBrush. The course consisted of 3D modeling, creating materials and textures, scene lighting, rendering, rigging basics, pose-to-pose and straight-forward animation, and also included an introduction to dynamic simulations.

[19 Aug 2020 – 23 Aug 2020] Course - classic animation

Soukromá střední umělecká škola grafická a Vyšší odborná škola grafická s.r.o. <https://www.susg.cz/>

Address: Křížová 124, 586 01, Jihlava, Czechia |

This 40 hours course over five days was focused on classic animation. Different techniques of animation were taught. The software used during this course was Dragonframe. We were also taught the principles of motion - how to analyze and time movement with assigned practical tasks.

LANGUAGE SKILLS

Mother tongue(s): Czech
